Fact Sheet: Lakeview Recovery Roads Program Repairs

City of New Orleans
Department of
Public Works

Project Summary:

The City of New Orleans will implement a multi-million dollar, multi-year comprehensive infrastructure improvement program to repair Hurricane Katrina related sub-surface and road damages. Types of repairs deemed eligible for improvement by FEMA include utilities, sidewalks, American with Disabilities Act compliant ramps, driveway aprons, curbs and road paving.

Project Facts:

Phase I: Between 2008-2009, the City of New Orleans performed citywide repairs to approximately 17,000 damage sites at an estimated cost of $55,200,000. Completed repairs in Lakeview totaled approximately $6,500,000.

Phase II: The Lakeview Recovery Roads program will include multiple construction repair projects with a total estimated value of approximately $14,120,000 for roadway improvements. Design of the future road repairs is currently underway and is being closely coordinated with the Sewerage and Water Board of New Orleans. Construction of a demonstration section in the 6700 block of Vicksburg St. was completed in December 2012. Full scale construction in Lakeview is currently scheduled to begin in Summer 2014 and will last through Fall 2016. Road resurfacing work will be limited in some areas of Lakeview. The Sewerage and Water Board of New Orleans will complete subsurface utility line improvements prior to the Department of Public Works' road repairs.

What to expect during construction:

Residents and businesses in the Lakeview area should exercise caution when driving, bicycling or walking near active construction sites. Residents can expect to experience temporary construction inconveniences such as limited access to areas within the construction zones, detours, movement of heavy equipment, safety signage and sounds.

In general, construction crews will be working from 7 a.m. to 5 p.m., Monday through Friday. CDM Smith and Richard C. Lambert Consultants are currently designing road improvements in the Lakeview area. The construction contracts are scheduled to be available for public bid in Spring 2014.

Funding Facts:

Neighborhood Area	Status	Consultants	Total Estimated Repairs
Phase I Repairs	Completed	N/A	$6,500,000
Phase II Repairs—Lakeview Quad 1	Geotech	APS Design and Testing, LLC	$5,220,000*
	Design	CDM	
Phase II Repairs—Lakeview Quad 2	Geotech	APS Design and Testing, LLC	$8,900,000*
	Design	Richard C. Lambert Consultants	
TOTAL Repairs—Lakeview			**$ 20,620,000***

* FEMA inspectors will be working onsite with the City's design and construction contractor teams. During construction they are likely to identify additional storm damages that may be eligible for repair. In many cases it is likely the scope of work may be adjusted to include additional repairs.

Project Area:

***Quadrant 1 boundaries**:*

- *Harrison Ave.*
- *Orleans Ave.*
- *Kenilworth St.*
- *Pontchartrain Blvd*

Quadrant 2 boundaries:

- *Robert E. Lee Blvd*
- *General Haig St.*
- *Harrison Ave.*
- *Pontchartrain Blvd.*
