

Fact Sheet: St. Claude Group 1 Recovery Road Program Repairs

City of New Orleans
Department of
Public Works

Project Summary:

The City of New Orleans will implement a multi-million dollar, multi-year comprehensive infrastructure improvement program to repair Hurricane Katrina related sub-surface and road damages. Types of repairs deemed eligible for improvement by FEMA include utilities, sidewalks, American with Disabilities Act compliant ramps, driveway aprons, curbs and road paving.

Project Facts:

Phase I: Between 2008-2009, the City of New Orleans performed citywide repairs to approximately 17,000 damage sites at an estimated cost of \$55.2 million. Completed repairs in the St. Claude neighborhood totaled approximately \$450,000.

Phase II: The St. Claude Recovery Roads program will include multiple construction repair projects with a total estimated value of approximately \$20.7 million for roadway improvements.

The Design of the Group 1 project area has been completed. The project is currently in pre-construction and is scheduled to begin construction in May 2013. Construction will last through Spring 2014.

What to expect during construction:

Residents and businesses in the St. Claude area should exercise caution when driving, bicycling or walking near active construction sites. Residents can expect to experience temporary construction inconveniences such as limited access to areas within the construction zones, detours, movement of heavy equipment, safety signage and sounds.

In general, construction crews will be working from 7 a.m. to 5 p.m., Monday through Friday. Julien Engineering & Consulting, Rahman & Associates, Inc. and HNTB Engineering are currently designing road improvements in the St. Claude areas. Subsequent construction contracts are scheduled to be awarded in Spring and Summer 2013.

Funding Facts:

Neighborhood Area	Status	Consultants	Total Estimated Repairs
Phase I Repairs	Completed	N/A	\$450,000
Phase II Repairs— 1300 block of Feliciana St.	Completed	Julien Engineering & Consulting	\$122,000*
	Construction	Fleming Construction	
Phase II Repairs—St. Claude Group 1	Design	Julien Engineering & Consulting	\$6.18 M*
Phase II Repairs—St. Claude Quad 1	Design	Julien Engineering & Consulting	\$2.4 M*
	Geotech	Kenall, Inc.	
Phase II Repairs—St. Claude Quad 2	Design	Rahman & Associates, Inc.	\$5 M*
	Geotech	Fugro Consultants, Inc.	
Phase II Repairs—St. Claude (paving only)	Design	HNTB	\$7 M*
TOTAL Repairs — St. Claude			\$21.15*

* FEMA inspectors will be working onsite with the City's design and construction contractor teams. During construction they are likely to identify additional storm damages that may be eligible for repair. In many cases it is likely the scope of work may be adjusted to include additional repairs.

St. Claude Project Area:

Group 1 boundaries:

- Franklin Ave.
- N. Claiborne Ave.
- Louisa St.
- Burgundy St.
- Clout St.
- St. Claude Ave.

Quadrant 2 boundaries:

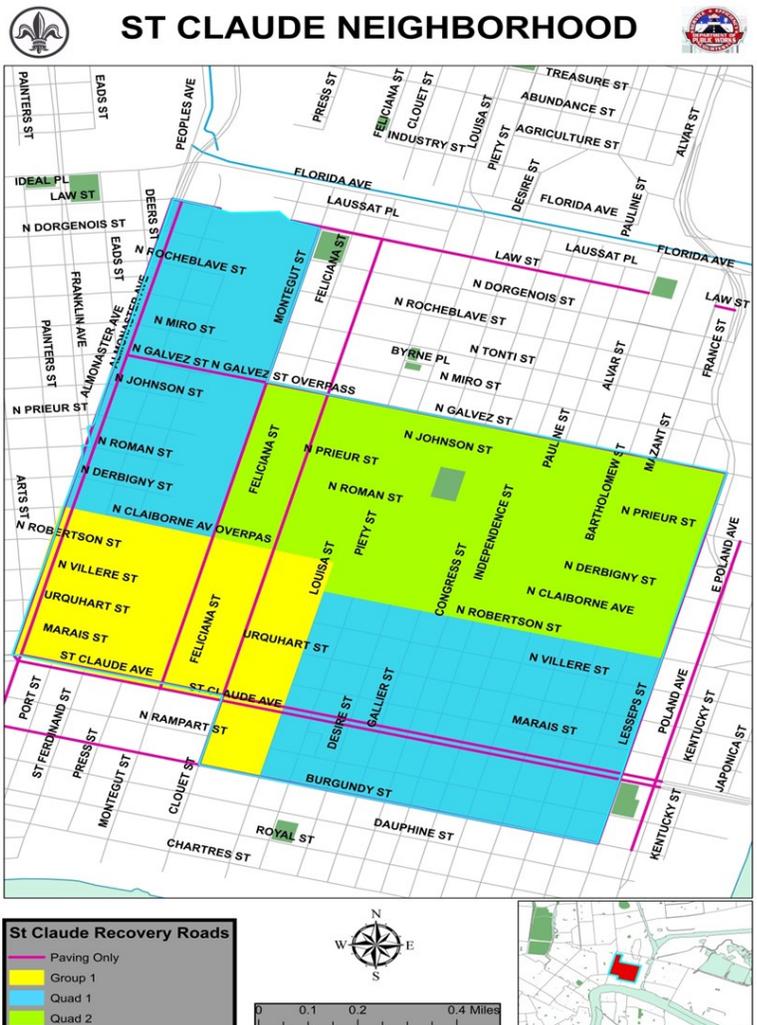

- N. Galvez St.
- Poland Ave.
- Lessops St.
- N. Robertson St.
- Louisa St.
- N. Claiborne Ave.
- Montegut St.

Quadrant 1 boundaries:

- Almonaster Ave.
- Law St.
- Montegut St.
- N. Claiborne Ave.
- Louisa St.
- N. Robertson St.
- Lessops St.
- Burgundy St.
- Clout St.
- St. Claude Ave.

Paving only area:

- Almonaster Ave.
- Law St.
- Montegut St.
- N. Galvez St.
- Poland Ave.
- Lessops St.
- Burgundy St.
- Clout St.
- St. Claude Ave.
