

# Fact Sheet: St. Claude Recovery Road Program Repairs

City of New Orleans  
Department of  
Public Works

## Project Summary:

The City of New Orleans is implementing a multi-million dollar, multi-year comprehensive infrastructure improvement program to repair Hurricane Katrina related sub-surface and road damages. Types of repairs deemed eligible for improvement by FEMA include utilities, sidewalks, American with Disabilities Act compliant ramps, driveway aprons, curbs and road paving.

## Project Facts:

**Phase I:** Between 2008-2009, the City of New Orleans performed citywide repairs to approximately 17,000 damage sites at an estimated cost of \$55.2 million. Completed repairs in the St. Claude neighborhood totaled approximately \$450,000.

**Phase II:** The St. Claude Recovery Roads program will include multiple construction repair projects with a total estimated value of approximately \$22.7 million for roadway and utility improvements. The St. Claude Group 1 construction project began in February 2014 and was completed in April 2015.

The St. Claude Paving Only construction contract began in mid-Sept. 2015 and last through summer 2016.

Design of the future road repairs in other areas of St. Claude is underway by Julien Engineering & Consulting and Rahman & Associates, Inc. Design is also being closely coordinated with the Sewerage and Water Board of New Orleans. Road resurfacing work will be limited in some areas of St. Claude. A list of the repairs planned as part of this contract is available at [RecoveryRoads.nola.gov](http://RecoveryRoads.nola.gov).

## What to expect during construction:

Residents and businesses in the St. Claude area should exercise caution when driving, bicycling or walking near active construction sites. Residents can expect to experience temporary construction inconveniences such as limited access to areas within the construction zones, detours, movement of heavy equipment, safety signage and sounds.

In general, construction crews will be working from 7 a.m. to 5 p.m., Monday through Friday. The Paving Only construction contract was awarded to Boh Bros. Construction. The remaining project timelines are under development.
